

## COOLANTS

# Shur Cool® 3810

## Full Synthetic Metalworking Fluid

### Efficient

Shur Cool® 3810 is formulated to make grinding, milling, drilling and other machining operations run more smoothly while providing excellent corrosion protection.

### Exceptional Coolant Performance

Shur Cool® 3810 is transparent, mildly alkaline in character, performs well in grinding operations where residue may be a concern.

### Corrosion Protection & More

Shur Cool® 3810 provides exceptional corrosion protection, and surface tension reduction. It is non-foaming and contains an excellent antimicrobial package.

#### Technical Data

physical Form	Clear blue liquid
foaming Tendency	Non foaming
maximum Solubility	Complete
rinsability	Excellent
pH (concentrate)	8.2 - 8.7

#### Benefits of Shur Cool 3810

*Delivers exceptional rust protection*  
*Improved Finish*  
*Keeps wheels open & clean*  
*Long life*

#### Application Rates

Mild steels	1:50
Malleable cast iron	1:40
Stainless steel	1:20

#### Packaging Options

5 gallon pail  
 55 gallon drum  
 330 gallon tote tanks

#### Other Available TLS Products

Shur Draw® 420  
 Heavy-Duty semisynthetic drawing compound

Shur Cool® 5010  
 Low-foaming top of the line synthetic coolant for steel, stainless steel and aluminium
