

Shur Lube 3100

Heavy Duty Machining Oil

Excellent Performance

Shur Lube 3100 is a heavy duty oil for cutting, drilling, tapping, and honing. It contains a blend of alubrlicity additives and polymers to provide excellent cutting and machining performance.

Specially Formulated

Shur Lube 3100 is specially formulated for machining ferrous metals and imparts excellent surface finish properties.

Versatile

This versatile product is also used as a coolant for surface grinding, cutting, drilling and other milling operations including CNC machining operations.

Advantages

Contains no dangerous nitrites, nitrates, PCB's, PTTBA, or phenols. Low odor compared to other sulfur containing lubricants

Technical Data

appearance	amber liquid
odor	mild
solubility	insoluble in water
specific gravity	0..92
flash point	325° F

Packaging Options

- 5 gallon pail
- 55 gallon drum
- 330 gallon tote tanks

Other Available TLS Products

- Shur Draw® 420
Heavy-Duty semi-synthetic drawing compound
- Shur Cut® 429
Soluble oil for most cutting and milling operations
- Shur Cool® 3830
Non-foaming full synthetic coolant for grinding, milling, drilling and other metalworking operations
